Dear Michelle Thompson,

With Regard To My Invention Appl. No  
10/802,350

I wrote to you in less than two weeks ago that I was no longer interested in my invention with the application No. 10/802,350, based on how I understood the scriptures regarding my invention.

I later met with the two Pastors of my church to inform of my action. They informed that there was nothing wrong

with my invention since it was meant for the benefit of the society.

I therefore write again to inform that I am still interested in the pursuit to acquire the patent of my invention. The U.S Patent and Trademark office should go ahead and process my application for patent.

Again, I want to draw your attention to the fact that my invention was originally registered under provisional application on 03/17/2003 with the application No 60/455296; and was later registered as non-provisional on the 03/16/2004 with The No 10/802,350. I later wrote to claim benefit of the original date of registration being 03/17/2003. which was granted as stated on the enclosed photo copy of the letter of Confirmation with <sup>the</sup> No. 3627.

When I received a letter that my invention was published, I expected that 03/17/2003 - the original date of the registration of my invention would reflect on the application but it did not. Please take a note of this. I thank you for your understanding and cooperation. Bye.

Yours Sincerely,  
Eagle Osita dinnma James Israel  
Eke redili Chukwu.
